BERMAN AND COMPANY

1996 PAC ELECTION SUMMARY

FINAL VERSION
PREPARED NOVEMBER 8, 1996

You received recommendations for 21 Senate and 47 House candidates in the 1996 election cycle (including the Blue Dog Democrats and Transportation Committee members). Throughout, our goal was to infuse funds into races where the hospitality industry could make a difference. Accordingly, the vast majority of our recommendations focused on close races.

This philosophy inherently pre-determined that we would win some and lose some. But, as you can see, the majority of these races came down to the wire.

In 1994, the strategy of focusing on close races proved historically successful. Now our industry, and especially your PAC, has played a major role in maintaining pro-business majorities in both houses of Congress.

These results, updated as of 2 p.m. on November 8, should be final, but a few remaining re-counts leave open the possibility of a change.

If you would like any more details on the following races or have any other questions about the elections, please give our office a call.

The following symbols represent the results:

Mark Sharpe
Republican -- Florida, #11

Candidate in Open Seat

Recommended Contribution:
\$1,000

After two strong challenges in 1992 and 1994 by Mark Sharpe in Florida's eleventh district, former Ways and Means Committee Chairman Sam Gibbons has decided to retire from Congress. This leaves Mark Sharpe in great shape to pick up this Democratically-held seat.

In 1994, Sharpe narrowly lost to Gibbons after garnering 48 percent of the vote. In 1992, he was successful in receiving 41 percent of the vote. With Sharpe's growing popularity in a district that is becoming more conservative, it appears that 1996 will be the year that the eleventh district will send him to Washington.

Mark Sharpe is a school teacher and former navy officer. He is currently a Lieutenant Commander with the United States Navy Reserve. A Tampa native, he earned his bachelor's degree from Florida State University and master's degree from the University of South Florida. He now resides in Tampa, Florida.

Sharpe has a few core pro-business themes he has made central to his campaign. He wants to come to Congress to implement a fairer tax code, reduce wasteful spending and send power back to the states. In addition, he wants the federal government to take a stronger stance on crime and pass laws that help the victims, not the perpetrators.

Western Florida's eleventh district contains Southern Hillsborough County and Tampa. The major industries in the district include brewing, commercial fishing, steel-making and ship construction. Tampa's Busch Gardens has become a major international tourist attraction, which has been great for the local economy. Tampa is also home to a growing financial sector, the Tampa International Airport, GTE Florida, and the University of Southern Florida.

In the Florida primary on September 3rd, Mark Sharpe is running unopposed. In recent polls, he leads each of the Democratic challengers vying to take him on in November. This polling also proved that Sharpe has high name recognition and is thought of favorably by registered voters.

Sharpe has a clear understanding of the issues important to the hospitality industry and deserves and needs our support.
